ICE CORNET

Freshly-fried bread with soft-serve ice cream...
 Enjoy the new texture!

It is rich and smooth taste, and good matches with fried cornet-shaped bread.

The bread is made by special recipe, so, the melted ice cream does not come out sooner.
 On the other hand, when the cream melts, it will be mixed with the bread. It is also delicious.

Freshly-fried bread, the taste is crispy and softly!

As already said, we use the bread made by special recipe and we have got the patent for the recipe. It becomes softly and crispy by frying. That texture very good matches with the ice cream. Besides, the bread shape is cornet, so, it is easy to bring and eat anywhere.

MAGICAL FRIED BREAD

One of famous Japanese convenience stores and a big amusement facility have asked us to accept that they use the recipe of the bread. It means the recipe is very special and not easy to copy.

RICH TASTE CREAM

Uniting with major manufacturer, we can provide rich taste ice cream which is very good matching for the fried bread. A lot of customers are attracted the cream.

COMPLETELY NEW TASTE

With the melted ice cream and fried bread, it becomes new taste you have never experienced. The collaboration between HOT and COLD attracts you!
